## YOUTH MERIT

.At our last get together the Youth Merit gang learned about horse vital signs and what to have in your horse's first aid kit. We pulled a list of supplies from several different sources and went over the suggested items.

The possibilities varied, while a few supplies always made the list. Now would be a good time to review your own first aid kit to ensure your medications have not expired and that you have the things you need should the time come.

Eventually the talk turned to our favorite horse movies and books. The classics were covered, but some newer ones were mentioned as well. Kaiha highly recommended the movie "Harry and Snowman" based on the book "The Eighty-Dollar Champion". I recommend the documentary "Unbranded". Another movie from a book is "The Horse Boy". All amazing stories involving this magnificent animal we love and respect.

Since July is a busy vacation time we will not meet again until August. This gives us all time to read and watch some of the above titles.

We are still hoping to visit Emerald Downs and will keep you posted on the date.
